

UPMC Jameson Partial Hospitalization Program **OPEN HOUSE**

Partial hospitalization is a time limited, structured out-patient service which provides group therapy 3 or 5 days per week, individual therapy, and medication management. We offer two levels of programming to meet individual client needs. Program participants interact with mental health professionals including psychiatrists, therapists, and nurses to develop skills to manage their symptoms and their lives.

Friday, April 20 | 1 to 4 p.m.
